

Sample IPDP Goals

Note: These examples are provided by the LPDC to support you as you create and word your own goals.

- I will learn ways to integrate technology into the classroom and curriculum to enhance instruction, assessment, data, and as a tool for enhancing and improving communication skills.
- I will extend my ways to differentiate instruction so all students can learn.
- I will continue to build my effectiveness as a group leader in order to contribute to the growth and development of the District.
- I will improve my skills for leading, collaborating with, and mentoring staff in order to support the needs of both students and colleagues.

- I will increase my knowledge of effective measures that help to ensure a safe, caring school environment so optimal learning can occur.
- I will increase my knowledge of students and their problems in areas such as drug and alcohol use, suicide, violence, eating disorders, and emotional and psychological trauma in order to provide a supportive and caring environment.
- I will learn about and implement interdisciplinary studies and integration of the curriculum to better meet the needs of students I serve.
- I will become familiar with the newest intervention strategies/techniques to help meet the needs of students I serve.
- I will learn about and apply strategies for extending student understanding, questioning, and reflecting to help increase student achievement.
- I will increase my skills in working collaboratively within an SLC to identify the needs of students and how best to meet those needs.
- I will become more knowledgeable about assessment strategies in order to better inform my instruction.
- I will improve my mentoring skills to support new and experienced teachers.

- I will broaden my understanding of education in the areas of building/district administration and school law to provide district leadership.
- I will improve my knowledge of the district, its procedures and policies and familiarize myself with best practices used in New Albany in order to assimilate myself into the district culture.
- I will become more knowledgeable about diverse cultures, lifestyles, and ways of thinking to better understand my students and improve my interactions with them.
- I will develop and expand interpersonal skills in order to build effective relationships with students, parents, and colleagues.
- I will learn about and apply strategies to motivate students and engage them in learning to increase their achievement.
- I will continue to expand my understanding of changes in laws, policies and procedures, diagnoses, best practices and current trends in special education and related areas to best meet the needs of students I serve.
- I will continue to expand my understanding of changes in laws, policies and procedures, diagnoses, best practices and current trends for ELLs and related areas to best meet the needs of students I serve.

- I will continue to expand my understanding of changes in laws, policies and procedures, diagnoses, best practices and current trends in Gifted and Talented and related areas to best meet the needs of students I serve.
- I will increase my awareness of school and community resources to assist students, parents, and/or colleagues.
- I will continue to broaden my knowledge of service learning, its link with career education, and its integration into our school curriculum and extracurricular activities in order to provide students with appropriate service learning opportunities.
- I will develop my skills in the content areas to achieve HQT status.
- I will further my knowledge of how children learn (i.e. brain research, human development, emotional development, social development, etc.) and its implications for classroom practices such as differentiated instruction in order to increase my effectiveness as an educator.
